### \$20 off Dental Cleaning

We all know the importance of regular brushing and dental health checkups for ourselves but tend to forget about these needs in our furry companions. Oral disease has become the number one health problem for both dogs and cats. In conjunction with Pet Dental Awareness Month, we are offering \$20 off the cost of the dental cleaning procedure during February. Each pet will receive an at home dental care package as well that will include samples of toothpaste, dental chews and Hill's t/d dental diet. Bring your pet in Monday - Saturday, no appointment necessary! Call for details.
